Gardening Guidelines

1. Plot registration is on a first come first serve basis.
2. Full-sized plots are 20' x 20'; half-sized plots are 20' x 10''.
3. Family members are welcome to the garden site. Please supervise those less than 18 years of age. Pets are not allowed in the garden area.
4. We require that gardeners volunteer at least one day in the spring to help prepare the garden for planting and at least one day in the fall to help clean up the garden after the last harvest.
5. Organic gardening is strongly encouraged. NO herbicides or non-organic pesticides may be used at any time in the garden. Do not use Preen or Round Up.
6. Notify garden administrator if you are no longer able to tend to your plot and asked a friend to tend to your garden or will be absent for a long period of time.
7. You can only water while you are in the garden. Please limit water usage to 30 minute increments.
8. Everyone would make donations to one of the local soup kitchens. Deep River Baptist Church or United Church of Chester are recommended.
9. There are no restrictions to the architecture of your plot (i.e. raised beds), except for the rule (as above in #5), prohibiting pesticides and herbicides.
